Summery

Full Stack Developer with 2 years of professional experience, with expertise in Javascript, Typescript, Angular, React.js, Node.js, Git, SQL, MongoDB, MEAN / MERN stack. Proven track record of delivering robust, scalable, and high-performance web applications.

EXPERIENCE

Click2cloud Inc.

Software Development Engineer

09 / 2022 – Present

Nagpur , India

- Demonstrated proficiency in both front-end and back-end technologies, including HTML, CSS, JavaScript, Angular, React , Node.js, and SQL.
- Responsible for Built and optimized RESTful APIs, improving response times by 20-30 %
- Participate in code reviews and code optimization, ensuring adherence to best practices and improving overall code quality.
- Actively collaborated with cross-functional teams, including designers and other developers, contributing to a positive and productive team environment.
- Participated in Agile/Scrum methodologies, ensuring timely delivery of high-quality software solutions.
- Demonstrated adaptability by quickly learning and implementing new tools and frameworks as needed.

Verzeo Pvt

Software Engineer Intern

05 / 2021 – 07 / 2021

Remote

- Acquired practical experience in software development processes, practices, and tools.
- Gained knowledge in web technologies, including Javascript, React and Node.js.

SKILLS

Programming Languages: Javascript, Typescript, C++, Python(Familiar)

Technologies / Framework: Angular, React.js, Node.js, MySQL, Git, MongoDB

Soft Skills: Problem-solving, Adaptability, Leadership, Time management

PROJECTS

AgriPilot.AI | Angular

- AgriPilot.AI is an AI-driven agriculture platform which provides analytics-driven sights to the farmers and agribusiness across their value chains to make farming sustainable and profitable.
- Developed efficient and secure web applications, focusing on improving user interactions with websites and applications.
- Identified and resolved complex technical issues, showcasing strong analytical and problem-solving abilities.
- Collaborated with the web development team to design and implement user interfaces for client websites using HTML, JavaScript, and Angular.
- Designed and implemented RESTful APIs to ensure seamless communication between front-end and back-end systems.

Landing Zone - CloudIntel [↗](#) | [Angular](#) , [Node](#)

- Landing zone is an module integrated in our CloudIntel product which provides the features to deploy the resources on Microsoft services using terraform scripts.
- As a Full-Stack Developer, I was responsible for efficient and secure web application, RESTful API's
- Integrated third-party API's to enhance functionality and streamline user experiences.
- Optimized code and application performance by implementing efficient debugging strategies, reducing errors and improving response times.
- Engaged in and led code reviews to uphold code quality, enforce best practices, and facilitate knowledge exchange within the team.

C2CTTM - Talent Management [↗](#) | [Angular](#) , [Node](#)

- Developed a software solution to oversee employee skills and development, enhancing the ability to attract and retain top talent.
- Responsible for building a secure and efficient web application, designing RESTful APIs, and managing API integration.
- Implemented effective debugging strategies to streamline code and enhance overall application performance.
